EDUCATION

Jagarlamudi Kuppuswamy Choudary College	April 2022
Bachelor of Computer Applications	CGPA: 6.29

SILLS SUMMARY

- **Cloud** : AWS Administrator, Azure Administrator
 - **Languages/Script** : PowerShell, Bash, Python, Terraform.
 - **Storage** : SAN (Dell EMC), NAS (NetApp)
 - **OS/Tools** : Linux, Windows, Git, GitHub Actions, ServiceNow
 - **Soft Skills** : Communication, Collaboration, Time Management, Problem Solving
-

WORK EXPERIENCE

AWS administrator | DXC technologies. Jan 2023 – Present
Chennai, India.

- Provisioned and managed cloud infrastructure using AWS services including EC2, S3, VPC, IAM, CloudWatch, and RDS.
- Automated infrastructure deployment using Terraform and CloudFormation for scalable and repeatable environments.
- Monitored and optimized cloud workloads using AWS CloudWatch, CloudTrail, and Cost Explorer.
- Used Bash and PowerShell scripting to automate system tasks, deployments, and maintenance routines.
- Performed system patching, backups, and recovery strategies aligned with AWS best practices.

Storage Administrator | DXC technologies. Aug 2022 – Dec 2023
Chennai, India.

- Managed enterprise storage environments using **Dell EMC SAN** and **NetApp NAS** solutions.
 - Provisioned and maintained storage volumes, LUNs, and shares based on application and business requirements.
 - Performed zoning, LUN masking, and storage allocation for optimal performance and data integrity.
 - Monitored storage performance and capacity; provided regular usage reports and recommendations.
 - Handled data migration, replication, snapshots, and backup operations to ensure data availability and disaster recovery.
 - Coordinated with server, network, and vendor teams for storage integration and troubleshooting.
 - Documented storage procedures, diagrams, and configurations for audits and compliance purposes.
-
